A view of the engine from the right is on the previous page. The batteries are situated in the area above the tracks. A fan in the combat compartment bulkhead is visible at top left, the exhaust is shown at centre left and the photo at bottom left shows the air intake manifold's entry point to the carburettor. At right is the engine as seen from the rear.

## ENGINE DETAILS

Engine Details 029

Interior Details

The mount for the commander's rotating periscope shaft is seen at left, with below it a view of the inside of the commander's cupola with closed hatch. The dismounted periscope is shown at right. On page 57 above left is a detail of the hatch upholstery and below left details of the column to lift and swing the hatch. Details of the commander's foldable seat are shown at right.
