Black turret numbers for Tigers of 7./10. Panzer Division

Usually the turret numbers for the Tigers of (s Pz. Abt 501) 7./10. Pz. Div are illustrated as red, but here is Black numbers as an alternative. Perhaps more accurate than Red?

A Tiger I - initial production

7./10. Panzer Division
Tanzania in 1943.

This Tiger was earlier numbered 131, and had no numbers on the turret box.

Alternative markings:
Earlier numbered 132.

On the opposite side (or on both?) the cross have a different style.

The old #6 and #7 can be seen under the new number

This Tiger was earlier numbered 812, and before that 2in.
