1/35 SCALE - WEHRMACHT TANK CREW SET

35354 Wehrmacht Tank Crew Set

Tamiya is delighted to announce its first all-new German tank crew figure set since Item 35201, back in 1996! This comprehensive set features 8 figures in highly realistic pose, that are adaptable to use with our multitude of WWII German armour kits.

- This is a 1/35 scale plastic model assembly kit.
- Includes 4 full-body figures: two examining a map, one scanning the field through binoculars, and an officer surveying the battleground.
- Also includes 4 torso figures: an officer for use in a cupola, a commander signalling his team to move out, a driver peering out of his hatch, and a crewman in his hatch.
- Realistic decals are included, as is a detailed explanation of the different types of Wehrmacht decoration and how they were worn.
