The Prague Uprising was an attempt by the Czech resistance movement to liberate the city from the Germans in May 1945.

B Jg-Pz 38(t) Hetzer

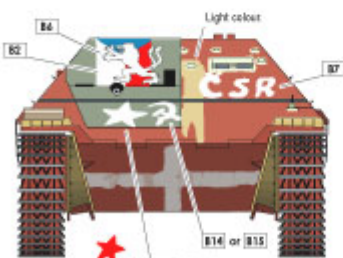

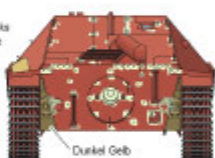

B1 Front and left side (from the front) visible on the photo.

Only lower hull visible on the photo, so any other markings not known. The design of the armor plate are not clearly visible.

B2 Spare track links attached to the engine deck are not illustrated.

B3 Front and right side (seen from the front) visible on the photo.

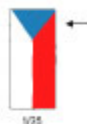

A Czech lion was painted on top of the flag.

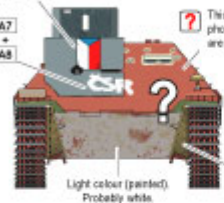

A Jg-Pz 38(t) Hetzer

Front and left side (from the front) visible on the photo.

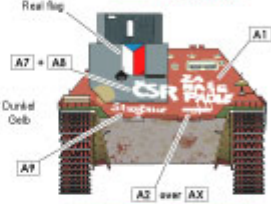

A1

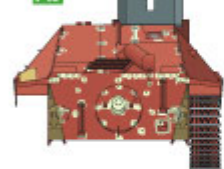

This side obscured on the photo, so the markings are not known.

A2 Only the front visible on photo.

A3

AX 323109

This could be an overpainted Fight Number. Hetzers manufactured by BMW was numbered 321001 - 323000, and from 323444 and so on. Skoda had numbers between 323001 - 325000. Correct numbers used on this tank are not known.

323... 325...

A3

Flare and left side (from the front) visible on the photo.

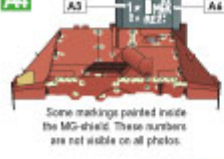

Front and right side (from the front) visible on the photo.

A4

Many new markings added on the front glacis. Most of the old markings are no longer visible.

A4

A white 'I' are visible under the slogan.

Big thanks to Tomas Jekl for lending me photos, correcting my mistakes, and explaining many things about these Hetzers and their markings.

The Hetzers had a lot of different markings during the short uprising. I've tried to list them in a rather correct time order.

Book by Tomas Jekl. 'Pražou pod pancírem Povstalcu' (The Prague Uprising under Armor)
